YOUR JOURNEY BEGINS HERE...

Welcome to a wonderful place where your child is nurtured through a dance and gymnastics education in a supportive and positive environment. A place where lifelong friends are made, and important life skills are developed. A place where dreams come true, and stars are born. Fox Studio is a really fun place to learn and grow!

Our school is unique in that we offer a wide variety of programs to ensure your child is getting the best performing arts education. In addition to classes, Fox Studio provides accelerated programs for the serious dancer and performer, a yearly audition opportunity to be a part of our competition and performance teams, as well as performance opportunities locally and throughout southern California.

We are here to help your child achieve their goals and dreams whether they are recreational, competitive, or pre-professional performers.

At Fox Studio, your child will find a second home, a welcoming space where they can build lasting friendships, feel safe and included, and experience a sense of togetherness. As a parent, you too will soon be making new friends!

Each student is an important and unique individual that we care about. When parents and students walk into our studio, we want them to feel comfortable and welcome. We offer small class sizes so that your child gets the individual attention he/she deserves.

Your child's journey begins here!

DANCE CLASS DESCRIPTIONS:

“BEST FRIENDS” Dance Class – (Ages 2-3)

This is a tap and ballet class done with their “Best Parent or Guardian.” Students learn tap and ballet basics through fun songs and play.

COMBINATION TAP AND BALLET CLASSES (Ages 3-5; 5-6)

TUTU CUTIES I – (Ages 3-5) – Tutu Cuties I & II is a tap and ballet combination class that is designed for the independent child ready to practice all by themselves without mom or dad in the room. Children learn basic tap technique, ballet terminology with fun activities, develop basic motor skills and dance to age appropriate songs!

TUTU CUTIES II – (Ages 5-6) – This class is a progression of Tutu Cuties 1 geared towards the child headed to Kindergarten. At this age, children can grasp slightly more complex choreography and technique with the same fun activities.

PRINCESS BALLET (Ages 4-6) – Princess Ballet is a class for your little ballerina that wants only ballet. She’ll dance and twirl to her favorite princess songs while learning ballet technique and terminology as well as developing balance.

STARLIGHT BALLET (Ages 6-8) – Starlight Ballet is for children that are ready for more complex technique and may be on track for advancement, but not quite ready for the strict discipline of a Ballet I class.

BALLET (Ages 8 and older) – Solid ballet training begins at approximately 8 years old. At this age, the child’s body has developed enough to be able to handle the strength, balance, turnout and placement that ballet requires. There is no set time frame as to when it is appropriate for the dancer to progress to the next level. Some students may progress faster, others may take a little more time in order to attain the appropriate strength and skill set to move up. Our pointe classes require at least 2 years of solid ballet technique as well as the proper placement and strength to withstand the weight of the body in pointe shoes. No two students are alike. Some students may be ready for

pointe as early as 11 years old, others may be in their teens. It is never appropriate for a student to be placed “en pointe” under the age of 10-11 years old.

CONTEMPORARY (Ages 9 and older) - Contemporary dance is a fusion of modern, ballet, jazz, and lyrical dance styles with a wide range of movements and rhythms that promotes individual expression, creative thinking skills, and builds a strong technical foundation. It is recommended that students in this class have some training in ballet.

TAP (Ages 8 and older) - Our exciting tap classes develop both timing and rhythm, essential elements in a child’s dance journey. Our tap classes not only strengthens the entire body but maximizes important brain skills such as cognitive abilities and memorization. Dancers learn a variety of tap styles along with a solid foundation of skills.

JAZZ (Ages 8 and older) - Our high energy jazz classes focus on proper technique, improving performance quality and continually developing more complex rhythms and patterns. Students develop turning, leaping, and jumping techniques to modern day music that they love!

HIP-HOP for Kidz (Ages 4-8) - This is a great class to introduce Hip Hop to the young school age child. All moves, technique and music are clean and age-appropriate (as in ALL our classes!)

HIP-HOP (Ages 8 and older) - This high energy class is fun for all ages! These classes help students break out of their comfort zone and develop their own unique style based on the various styles of street dancing.

OUR GYMNASTICS CLASSES:

TUMBLE TOTS – (Ages 2-3) A fun-filled 45-minute class with the student’s “Best parent or guardian” that includes basic gymnastics skills (beam, bar, floor tumbling) in a fun and colorful way!

TUMBLE BEARS – (Ages 4-5) -This is a great introduction to the world of gymnastics for the preschool age child. Classes include basic floor tumbling, beam and bar skills taught in a fun and safe way that is geared for their growing little bodies.

SUPER BEARS – (Ages 4-6) – This is a more advanced class for the young child who has mastered basic skills and is ready for more! At this level, students have the strength for a solid cartwheel and bridge.

GYMNASTICS 1 – (Ages 6 and older) - In this entry level class, students will learn beginning tumbling skills such as front and back rolls, handstands, cartwheels, bridges, basic beam, and bar skills, developing foundational strength and flexibility.

GYMNASTICS 2 – Students will be learning both right and left cartwheels, 1 arm cartwheels, splits, standing bridges, round-offs, handstands, bridge kick-overs, strength and balance training.

GYMNASTICS 3 – Students at this level are now strong enough to work on front and back walkovers, handstand rolls, back pikes to a handstand, press handstands and more!

GYMNASTICS 4 – This is an intermediate level and students will be working on side aerials, back handsprings down an incline, handstand walks and more complex beam and bar skills and combinations.

Dress Code:

Following a dress code is a standard amongst many industries, including dance. The benefits are:

- *Safety** - Improper clothing can impact technique, precision, ability to grip the floor, and visibility.
- *Self Respect** - Adhering to the dress code shows that the dancer has respect towards the dance style they are studying and is willing to apply effort and responsibility towards improving and developing their dance skills. This is especially true for young dancers. Wearing proper dress code helps signal that they are ready for a more structured class, not just playtime.
- *Increased focus**-Dress codes also help students focus on their dancing and ability to pick up choreography versus what they are wearing.
- *Increased confidence, poise and attitude.**
- *Responsibility** -These dress codes also give the student a sense of responsibility when preparing and packing their dance bags.

Dress Code is as follows:

Tutu Cuties I & II

Girls-Attire: leotard, tights, pink ballet shoes

Hair: in a bun

Ballet

Girls- Attire: black leotard, pink tights, pink ballet shoes, ballet skirt

Hair: in a bun

Boys-Attire: black slacks, fitted short-sleeve shirt, black ballet shoes
